

The DoIT Digest

Volume 3 Number 4
January 26, 2018

This Week:

- **DoIT Holds First Town Hall of 2018**
- **2018 Corporate Innovator Sessions Kick Off**
- **Innovation Incubator (i2)**

DoIT Holds First Town Hall of 2018

Acting Secretary Lonbom led the first DoIT Town Hall of 2018 and welcomed several DoIT employees, who shared their experiences with developing chatbots and participating in competency groups, as well as our first OneDoIT Service Achievement Award recipient, Kellye Cable from End User Computing Incident Management. The message to all DoIT staff was to recognize the opportunities available to learn, advance and contribute. "... believe in the mission, contribute to the plan ...". Opportunities abound for career development and we should remain open to recognize, take charge and pursue them.

2018 Corporate Innovator Sessions Kick Off

Deputy Governor Trey Childress kicked off the 2018 Corporate Innovators Council meetings on January 19th. The Council remains poised to bring business practices to the challenges faced with delivering service to the citizens of Illinois. With participation from a multitude of organizations, DoIT Acting Secretary Lonbom presented on the strategic initiatives established by the agencies and the opportunities ahead. The group will continue to meet monthly toward the goal of using innovation to improve service delivery.

Innovation Incubator 2 (i2)

The Business and Workforce Cluster's Innovation Incubator (i2) project brought the Power Business Intelligence (BI) visualization tool to the Department of Labor's Illinois Construction Apprenticeship Program. The program can now better analyze demographic data. This method is a significant step forward from the historical pdf format. Both Power Business Intelligence (BI) and Tableau are viable and approved solutions in the data analytics space for the enterprise. If there are questions or guidance is needed, please reach out to: DoIT.SDP.Support@illinois.gov.

DoIT FYIs & Reminders

2018 Illinois Tax Filing Season coincides with Federal Filing Season and begins on Monday, January 29th. [Link to the Department of Revenue's website.](#)
